Residential Sales Particulars

26 Abbotts Road, Pershore WR10 1LL

Situation

Abbotts Road is on the Abbey estate being a popular residential area within walking distance of the Abbey Park and Pershore High Street facilities. Number 26 is a semi-detached property with open views to the front over the green, with Bredon Hill in the distance. This property has no ongoing chain and is well presented, ready to move into. There is good sized enclosed rear garden and parking for a vehicle to the front. This property has been rented out in the past and therefore there are certificates for the electrics and gas safety with service record.

Early viewing of this property is recommended to avoid disappointment.

The market town of Pershore is Georgian styled and provides high street shopping facilities and supermarket together with a leisure complex. The river Avon runs to the east of the town lending itself to scenic walks and leisure pursuits. There are two medical centres and hospital and town library, together with excellent educational facilities within the area. Pershore has Number 8 which is run by voluntary help and provides theatre activities, a cinema, ballet and yoga classes and is very much a part of Pershore community living.

Off Station Road there is the railway link to London Paddington or Worcester Shrub Hill travelling onto Birmingham. The motorway is approximately nine miles distant at Worcester junction 7 bringing Birmingham to the north and Bristol to the south within commutable distance. Other main centres are Stratford-upon-Avon with the theatre and racecourse, Cheltenham with National Hunt horseracing and the Everyman Theatre and major main shopping, Worcester with famous Cathedral and equally famous cricket club together with the River Severn and good shopping centre.

The new Worcestershire Parkway Station has been developed to improve the access and destinations to the southwest, the north east, London and the Thames Valley. So significantly enhancing Worcestershire's connectivity to outlying regions.
